

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (currently amended) A system for determining the production data of and controlling a number of weaving or knitting machines, containing a control computer for each weaving or knitting machine and a central computer, which are networked, wherein the control computers are respectively connected via wireless signal transmission means to a first transmission unit, the first transmission unit being connected to a second transmission unit by means of a data line and wherein the second transmission unit is connected via wireless signal transmission means to said central computer, and further comprising a mobile computer, mobile phone or tablet PC for querying the data of the control computers and/or of the central computer.
